

## **Danielle Hynson Biosketch**

Danielle Hynson is a soon to be graduate of Christopher Newport University. She will be receiving a BA in Management in the spring of 2015. During her years at CNU she has been a member of The Society for Human Resources Management and National Contracting Management Association, where she has gained much knowledge in her preferred field of study.

Miss Hynson is originally from Ashland, Virginia where she attended Patrick Henry High School and played Volleyball and Tennis. Danielle plans on returning to Ashland after graduation. She has had several great employment opportunities, one of which, where she was the Food and Beverage Manager / Bartender at The Federal Club. It was in this position, that Danielle learned she wanted to pursue a career in sales.

In addition to Danielle Hynson's education in business and prior work experience, she is a very hard working and success driven young lady. She would be a great member to any sales team due to her very outgoing personality and prior experience with communication and customer satisfaction. Danielle is very people oriented and would love the opportunity to work in sales where she can use her Business degree and people skills.
